Education

- **Malaviya National Institute of Technology Jaipur** 2022 - Present
B.Tech in Electronics and Communication Engineering CGPA: 7.43
- **Matrix High School, Sikar** 2021
Senior Secondary, RBSE Percentage: 95.8
- **Hari Devi J Shishu Sadan Chirawa Road, Pilani** 2019
Secondary, CBSE Percentage: 91.40

Summer Internship / Work Experience

- SmartSupport AI ChatBot** | Bharti Airtel Limited May 2025 – July 2025
- Built a production-ready **multilingual chatbot** using **Streamlit**, **Gemini 1.5 Flash**, and **HuggingFace** for seamless user interactions.
 - Designed a hybrid **RAG pipeline** (**Redis** → **Chroma DB** → **Gemini**) to deliver faster and more reliable responses.
 - Enhanced **vector search** precision through semantic chunking with **RecursiveCharacterTextSplitter**.
 - Implemented real-time **file upload/delete** with automated **indexing** and **cache updates**, reducing manual effort.
 - Leveraged **Redis** for session memory and caching to enable contextual, multi-turn conversations.
 - Minimized AI hallucinations using a robust **Gemini fallback** strategy for handling unknown queries.

Projects

MERN Job Portal

- Built a full-stack **MERN Job Portal** with secure **role-based authentication**, supporting **signup/login**, **profiles**, and **CRUD operations** via RESTful APIs in **Node.js/Express** and **MongoDB**.
- Developed comprehensive **job management workflows** including **job posting**, **update**, **deletion**, and **candidate application tracking** to streamline recruitment.
- Created a **responsive React frontend** with effective **state management**, **form handling**, and **real-time updates** for a smooth user experience.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB

Full-Stack Trip Planner Web App

- Developed an **AI-driven trip planner** that generates personalized itineraries and hotel suggestions using **Google Generative AI** and **Google Places API**.
- Integrated **Firebase Firestore** for trip data storage and **Google OAuth** via Firebase Authentication for secure user access.
- Built a responsive **React + TailwindCSS** interface with real-time API integration using **Axios** for itinerary visualization across devices.
- **Tech Stack:** React.js, TailwindCSS, Firebase, Google Generative AI API, Google Places API, Node.js

Technical Skills

Programming Languages: C++, Python, JavaScript, SQL, HTML, CSS

CS Fundamentals: Data Structures & Algorithms, OOPs (in C++), Operating Systems, DBMS, RAG Pipelines

Frameworks & Tools: React.js, Node.js, Express.js, Flask, Streamlit, Firebase, Redis, MongoDB, TailwindCSS, Git

Positions of Responsibility

Joint Secretary: Filmmaking Club, Cultural Society, MNIT Jaipur

Executive Member: Entrepreneurship Club, Technical Society, MNIT Jaipur

Achievements

Secured a position among the top 1% rankers in the JEE Mains examination.
